GOSSIP OF THE RACETRACK.

EMPEROR OF INDIA PROVIDES A \$75,000 KILLING.

George Wheelock Takes Part in Another Coup With Optician-Frank Gill Enables Talent to Score-Dick Doggett Retires for the Year a Good Winner.

These are the days of good things that make

good. With the winter drawing near and feed bills to pay, owners and trainers are striving hard to beat the bookmakers with ong priced winners. Those who are on the alert for such coups stick close to the pad-dock, where the whispered information is on tap generally at the last moment. Other sharp eyed speculators watch for the appearance of smart money in the ring, and when-wer liberal prices begin to crumble they lose the man who first exploited Jockey Miller and apon whose services he still retains first call, engineered a coup yesterday that resulted in one of the heaviest killings of the year. He started his old gelding, Emperor of India, in the second race and put Miller up. The son of Prime Minister went to the post for the first time this year on October 4 at the Beach, and ran such a bad race that nobody gave him a chance in vesterday's affair. The books, therefore, quoted him at the generous price of 30 to 1. In a few moments many unknown bettors were planking down \$50 and \$100 bills all over the ring, this play being followed by larger wagers sent from the paddock and the clubbouse. Stanton remained near the stall while his agents got his money down, while many of his friends tackled the layers personally. The odds dropped rapidly. They were soon reduced to 4 to 1, yet the plunge did not cease, and where the horses were lined up in front of the barrier many of the books were refusing wagers at 3 and even 13 to 5. Emperor of India won on the bit. He had all kinds of speed, and when he breezed home Stanton rushed down out of the grandstand like a wild man, cheering and dancing until the by-aranders could not help laughing. Stanton won \$35,000 alone, it is said, while the books paid out at least \$40,000 more to those who had taken the tip and backed it. Lindale, in the same race, carried the support of the form players. He was beaten down to 13 to 5 from 3, and as he was heavily backed for the place. while Consideration was well taken to show, the ring lost a small fortune on the race, although there was plenty of support for Luckett and Prince Frederick.

stations there was plenty of support for Luckett and Prince Frederick.

Following this killing came another with Optician in the third race. The Deceiver coit was chimed out of a selling race from the Oneck Stable the other day and ran in the name of Mrs. J. M. Cooper. Notter had the leg up, and when the price had gone up to 20 to 1 George Wheelock began to offer the books as much money as they were willing to accept. The Western crowd got down hard, too, and optician, a moment before the field was serif away, had been played down to 5. He won in a common canter, and the ring paid out fully \$45,000 on his success; yet the race was a winner for the layers. Voorhees, Comedienne, Paice and Ben Ban were all royally backed. Jack Dolan was played across the boards, and so was Slickaway, both of whom landed inside of the money.

The result of the first race was a killer for the books. Royal Breeze was backed of the boards, while Ben Strong was taken both wars, his price dropping from 5 to 7 to 2. There was a strong play on Judge Davey, lowered from 6 to 5, but he stopped badly in spite of Miller's efforts.

The layers recled under another staggering blow when Frank Gill won the Remsen Handieap. The plungers sent in thousands, until 8 to 5 was pounded down to 11 to 10. Jack McGinnis, Dave Johnson, Al Dryer, Frank Farrell, Mattic Corbett, George Wheelock, Sol Lichtenstein, Eugene Wood and others bet the limit on Gill, who won so easily that it was a shame to take the coin. The Nexcastle Stable's Momentum, how so casily that it was a shame to take the coin. The Nexcastle Stable's Momentum, how so can be considered the stage of the day of the could not carry the weight. George Odom's friends played Oraculum three ways and won to the race. Killaloe, Eddie Wara and Ellicott, the other starters, were all reduced in the pring, backed from 3 to 1 to 16 to 5 foully to fool the simart people by winning under Miller's percusaion. The really wise money wett on Tipping, backed from 3 to 2 to 16 to 5 only to fool the simart people b Following this killing came another with

money went on Tipping, backed from 4 down to 3 to 1 favorite, who would probably have won had it not been for the roughest kind of a journey. Panique, who ran third, backed from 6 down to 4, experienced similar hard luck, as he was almost knocked down on the lower turn and was twice shut off in the run up the backstretch. Red Light, Rather Royal and Columbia Girl helped to swell the ring's winnings on this event, as all three carried plenty of support.

The last race was also a source of profit for the chalkers. For some reason the big bettors did not care for Cressina, although she looked a cinch. She opened at 6 to 5. but went up as high as 13 to 5 at the last moment, while Belle of Pequest, Stamping Ground, Master of Craft and Lady Savoy were all backed in vain to beat her. Jack Joyner, however, did not lose faith in Cressina for a moment, and when she fairly rolled home the popular trainer roared in the good old Southern style.

Dick Doggett, the well known clubhouse commissioner, who is said to be a heavy winner on the year, closed his book yesterday for the season and began to play them from the ground in a moderate way. won \$60,000 in one day at Belmont Park and has always been a heavy operator. He is a brother of Sam Doggett, the former jockey, and at one time was a rider himself.

Frank Gill is royally bred. His sire, Collar, is a full brother to the great English race mare Sceptre. The late S. S. Brown bought his dam Ravello II., on the other side when in foal, the colt, it is said, being the only son of Collar in America. Jack McGinnis purchased him when the Brown horses were sold at auction last summer and has won big money with him on several occasions. Gill won the Lynbrook Handicap on Saturday with 102 pounds. If the weights for Remsen, which he captured yesterday had been compiled after the Lynbrook, Gill would probably have received 115 pounds. or even more from W. S. Vosburgh. With only 107 to pick up in the Remsen, including a three pound penalty, therefore, he looked a copper lined einch. Dandelion and Jacobite were the previous winners of this event.

The tower, put up by the poolroom men behind the backstretch at Jamaica was out of commission yesterday. It is said that the Building Department put it out of business because it was erected without the necessary parmit. It was also stated that several men made an attempt early yesterday morning to pull the structure down and that a rough and tumble fight with a couple of watch-men ensued, in which one of the combatants received a broken head.

Lady Amelia has been retired permanently from the turf. She will be sent to E. R Thomas's Holmdel farm, in New Jersey, and will probably be bred to the famous Hermis next year. Trainer Joyner says that it for another season.

The Mets are dwindling as usual as to aumbers. When the positions in the ring ere aistgned yesterday just fifty-seven members of this organization put up their ates. Before the local season ends the Mets will probably be outnumbered by nonmembers in the front line, as was the case a

year ago. Miller had five mounts yesterday. He rode two winners and was unplaced three times on heavily backed choices. Notter

The stewards are still probing the Radtke case. The jockey was allowed to enter the track yesterday for the first time since he was

Nassau-Columbia Roat Race Postponed The orew race between Columbia and the Nassau Boat Club that was to take place on Notamber 3 has been postponed until November 10. Instead a crew composed of Columbia graduates captained by H. B. Irvine, 02, has challenged the varsity and will row a race for three-quarters of a mile on the day of the Columbia regatta.

NUTELLUS WINS HUNT CUP. Successful Meeting for Steeplechasers

Winds Up at Bennings. Washington, Oct. 29.—The third and last day of the annual meeting of the United Hunts Racing Association at the Bennings track was attended by a large crowd, showing that this amateur meeting has struck a popular chord among the Washington, Baltimore and Virginia racing and hunting contingents. The races did not fill as well to-day as they did on the first and second days of the meeting, but the racing was excellent and the crowd displayed enthusiasm by frequent applause.

There were seven races on the card. The attendance was satisfactory throughout and officials of the association declare that the losses for the meeting will be less than half as much as they were for the meeting held at Morris Park last year. That meeting lost \$15,000. It is estimated that the losses here will be about \$3,000, and there is a very good chance for the meeting becoming a permanent fixture in Washington.

second military steeplechase, which was added to the card to-day by Perry Belmont, who gave \$250 in added money, was again a disappointment, although the entries were not confined to horses owned by military men. There were only two starters out of six horses entered, no riders having been found for four of them. Lieut Martin of the Fifteenth Cavalry, who came

landt Smith, again won the distance race, which has closed every day's card. H. S. Page's mount, Henry, a long shot, was second under a beautiful ride by Mr. Devereux, and Anticipation, ridden by Mr. Devereux, and the run taken out of him by Mr. Clark in the early part of the race. Summaries:

First Race—Oriflamme (Mr. Mabee), 2 to 1, won: Satirist (Mr. D. Kerri, 10 to 1, second; The Buck (Mr. Hoff), 5 to 1, third.

Second Race—Palm (Wilson), 2 to 5, won; Acolyte (Slaughter), 10 to 1, second. Precise and Spender fell.

Third Race—Allegiance (Mr. Martin), 4 to 5, won; Westown (Mr. Nicholas), 4 to 5, second. Only two starters.

wen; Westown (Mr. Nicholas), 4 to 5, second. Only two starters.
Fourth Race—Nutelius (Mr. Devereux), 7 to 1, won; Game Cock (Ray), 6 to 5, second; Otho Vaugh (Wilson), 20 to 1, third.
Fifth Race—Follow On (Mr. D. Kerr), even money, won; Pure Pepper (Mr. Clark), 4 to 5, second. Only two starters.
Sixth Race—Northville (Terry), 12 to 5, won; Setauket Jackson), 12 to 1, second; Adams broke down. Three starters.
Seventh Rake—Pete Dailey (Mr. Smith), 3 to 5, won; Mount Henry (Mr. Devereux), 10 to 1, second; Anticipation (Mr. Stephenson), 5 to 1, third.

HETHERINGTON A STAYER.

Me Wins First Columbia Cross-Country Handicap From Short Mark.

F. S. Hetherington, '07, won the weekly cross-country run at Columbia yesterday afternoon, covering the three and a half miles in 19 minutes 25 seconds. Hetherington started with thirty seconds handicap. scratch were Rogers, the crack New York Athletic Club miler and Benton Sanders, the sophomore, who is doing promising work this sophomore, who is doing promising work this fall. Neither of them was able to overcome the big handicap of the leaders, however. Sanders's time for the distance was five seconds worse than was Hetherington's. There were about forty men to start.

Among the promising cross-country material brought out by the race is C. M. McKinley, '07. McKinley has been doing no running whatever this fall. Yesterday he was persuaded to start and finished fifth in the time.

FRANK GILL WINS THE REMSEN HEAVILY BACKED, HE BREEZES HOME AT JAMAICA.

Optician and Cressina Capture the Handicaps -Boyal Breeze, Grand Duchess and Emperor of India Also Capture Purses Three Favorites Win for the Talent

Wintry weather did not keep the usual crowd of regulars away from the Jamaica track yesterday, where three favorites and two other heavily played winners made the bookmakers wince. J. L. McGinnis's Frank Gill captured the Remsen Handicap, for twoyear-olds, five and a half furlongs. He was pounded down to 11 to 10 favorite. Shaw took George Odom's Oraculum, 7 to 1, to the front and stayed there to the end of the far turn, where Frank Gill breezed into command and came home on the bit, two lengths in front of Oraculum, who lasted long enough to best H. P. Whitney's Killaloe, 8 to 1, by a neck. The

H. P. Whitney's Killaloe, 8 to 1, by a neck. The Newcastle Stable's Momentum, 7 to 2, ran a poor race, even with Miller up. The time wast 38.

Optician, played down to 12, made a runaway of the handicap for three-year-olds, six furlongs. He had a world of speed, Notter easing him up as he rushed home with five lengths to spare in 1:13 2-5. Slickaway, 8 to 1, ran into the place, with Jack Dolan, 15 to 1, nosing Voorhees, 13 to 10 favorite, out of third money. Voorhees was too heavily burdened.

Emperor of India, backed from 15 down

nosing Voorhees, 13 to 10 favorite, out of third money. Voorhees was too heavily burdened.

Emperor of India, backed from 15 down to 4, won the second race, for platers, at a mile and a sixteenth. Miller took him up in the middle of the backstretch and then let him down for a run through the last quarter, which enabled him to win in a gallop by six lengths in 1:49. Lindale, 13 to 5 favorite, got the place three parts of a length in front of Consideration, 15 to 1, who showed the way to the head of the stretch. Aucassin, 20 to 1, was a head out of the money.

P. J. Dwyer's Royal Breeze, 7 to 5, came home on the bit in the first event, for two-year-olds, six furlongs. He passed the wire four lengths before Louis Cella's Ben Strong, 7 to 2, with Mariposa, 20 to 1, a poor third. Judge Davey had early speed under Miller but stopped. The time was 1:14 1-5.

Grand Duchess, 16 to 5, with Miller putting up a clever ride, won the fifth race, at a mile and a sixteenth, by a length from the rapidly closing Tipping, 3 to 1 favorite. The latter beat Panique, 4 to 1, a length and a half for third money. The time was 1:48 2-5.

Although Cressina went up in the betting from 6 to 5 to 2 to 1, she was pounds the best in the last race, a handicap at a mile and a sixteenth, which she won in a romp with five lengths over Belle of Pequest, 2 to 1. Stamping Ground, 12 to 5 was three lengths away. The time was 1.47 1-5. The track was fast. The summaries:

Meadow Brook Club Has a Fine Run After

Wild Fox. MEADOW BROOK, L. I., Oct. 29.-Behind a good pack of foxhounds the members of the Meadow Brook Club had a fine run to-day good pack of formulate the members of the Meadow Brook Club had a fine run to-day after wild foxes. Owing to there not having been rain in several days the ground was rather dry, which made trailing difficult. The meet was at Syosset and a red fox was started in the first cover that was drawn. He proved to be a good strong customer and led the huntsmen and hoinids a merry chase over the stiff north country for about seven miles before he was finally holed in the woods on Kirby Hill. The foxes in this heighborhood have now been educated, so it seems, for as soon as they hear the baying of the pack they start of and after a run of a few miles they throw the pack off for a few minutes and then get to the ground from which they cannot be driven. The run after the fox to-day was so long and the jumps so stiff that Huntsman Blaxland decided not to let the hounds run again and the party returned after the fox was holed. Among those who finished with the pack were Mr. and Mrs. Thomas Hitchcock, Jr. Miss Hitchcock, Frank Gray Griswold, Mrs. C. G. Bennett, Samuel Willets and Whip Bemus.

Milk Monologues No. 14.

In closing these little talks on milk we wish to point out:

- 1ST. About two billion pounds of butter are produced annually in the United States, using 27 BILLION QUARTS of milk.
- 2ND. Only one-fortieth of this quantity of butterine-50 million pounds - are produced, requiring about 17 MILLION QUARTS of milk.
- 3RD. The TOTAL AMOUNT OF BUTTERINE MATERIAL available would produce 100 million pounds more, and would save 1,300,000,000 quarts of milk a year-two quarts a week additional for every family, figuring on five to a family.
- 4TH. A law of New York permitting the sale of Butterine will solve the milk question.

GARNISH RULED OFF.
GARNISH RULED OFF.

Noted Handleap Horse, With R. L. Rogers and John Wilson, Suffers for Doping.

The stewards of the Jockey Club held a meeting last night and ruled off the turf the horse Garnish, with R. L. Rogers and John Wilson. The decision of the stewards makes it apparent that the action was taken be-cause of the doping of Garnish in a race at Jamaica last Tuesday. On that occasion Garnish ran in the name of Mrs. R. L. Rogers in the handicap at a mile and a sixteenth, and showed a surprising improvement on his previous form. The race was the third on the programme and was fruitful with scandal, for immediately afterward Radtke was suspended by the stewards of the meeting for an indifferent ride on Tommy Waddell. Koerner had the mount on Garnish, wwo

carried top weight of 126 pounds. Garnish, a was anoted at odds of 18 to 3 in the bet ting, simply breezed home. R. L. Rogers, in whose wife's name the horse ran, was down as the trainer of Garnish, and immediately after the day's racing he left this city for Chicago. He was notified

he left this city for Chicago. He was notified that the stewards wanted to see him and returned to this city yesterday. In the afternoon he was called before the stewards at Jamaica and questioned as to the performance of Garnish.

There have been many stories of the doping of horses lately and it has been understood that the stewards have been on the alert to punish the offenders. The meeting of the Jockey Club stewards was held in the Windsor Arcade at 8 o'clock last night and after adjournment the information was given out that Rogers, Wilson and the horse Garnish were ruled off under rule 162, part 6, of the rules of racing. This rule reads:

Any person who shall have administered a drug

racing. This rule reads:

Any person who shall have administered a drug
or stimulant internally or by hypodermic method
provides to a race, or who shall have used appliances
electrical or mechanical, other than the ordinary whip and spur.

Every person so offending shall be ruled off.

Every person so offending shall be ruled off.
Garnish is a five-year-old bay horse who has been very successful in handicap races. He is a noted mud runner, and under those conditions has beaten the great mudiark Africander, and he also has a victory over the peerless Beldame to his credit.

The operations of R. L. Rogers, who is down in the list of horses in training as the owner of Garnish, have principally been conducted on Western tracks. He was a prominent figure at New Orleans, but brought his chief breadwinner here this season to clean up in the East. He also owns Janeta, Lord Dixon and Little Boot.

John Wilson, the other man ruled off, is lit-Little Boot.

John Wilson, the other man ruled off, is little known to Eastern racegoers.

YALE'S NEW STRONG MAN. George Almon Coy an Athlete of Great Versatility.

NEW HAVEN, Oct. 29.—George Almon Coy of Milford, Conn., fullback on Yale's freshman football eleven, has been picked by Dr. Frank J. Born, medical examiner at the gymnasium, as the best built and probably the strongest man in the entering class. while his remarkable versatility in athletic bids fair to surpass even the achievements bids fair to surpass even the achievements of Tom Shevlin. Coy is a brother of Sherman Coy, the star end on Gordon Brown's eleven. George Coy is the product of years of constant athletic training, and he has paid careful attention to physical culture, of which he is an ardent advocate. He comes to Yale with a remarkable record in preparatory school athletics, having been the star performer at Hotchkiss, where he played football and baseball for three years, ran, jumped, threw the hammer and put the shot. He is a crack hurdler and a gymnast of promising ability. the hammer and put the shot. He is a crack hurdler and a gymnast of promising ability. Dr. Born said to-night: "Coy has a long trunk and should have little trouble in capturing the title of strong man of his class. He would have made the varsity eleven this fall if freshmen had not been debarred, and his classmates declare that he will captain the football team in his junior year. He is going out for baseball in the spring, and may become a member of the gymnastic team when the football season is closed."

Coy weighs 185 pounds stripped and is six feet one inch in his stocking feet.

Gelf. BAT SIDE, Oct. 29. - Herbert R. Peck gained on his rivals in the cresident's cup series at the Oakland Golf Club by finishing second in the October competition. One more handicap remains to be played and Peck is regarded as an almost certain victor. The October event was won by Clarence R. Dean, but as he was was won by Clarence R. Dean, but as he was not a formidable factor in the series, Peck by finishing second and accumulating two points, thereby gained over nearest opponents. Dean returned the low not score of 79, but he had a handicap of 22. Peck's gross score of 24 was the best of the two days playing. The scores:

Ing. The scores:

("Crence R. Dean, 101, 22 - 70; Herbert R. Peck, 94, 6-88; H. L. Bogert, 106, 16-90; H. J. Howell 99, 8-91; R. M. Littlejohn, 194, 12-92; S. A. Salage, 108, 16-92; S. S. Courtney, 98, 1-94; R. A. Carictog, 121, 23-98.

In the final match between Henry H. McClure and Clarence G. Stone, played yesterday on the picturesque and sporty links of the Siwanoy Country Club, Mount Vernon, for the handsome cup presented by George Semier, Mr. Stone won after a hard fought match by 2 up and 1 to play.

IN THE FOOTBALL WORLD.

INDIANS LEAD THE EAST IN TOTAL POINTS SCORED. -A Guaranteed Mortgage upon

Only Yale and Dartmouth Have Prevented All Opponents From Crossing Their Goal Lines—Picturesque Work in West-ern Games—Carlisle's Clever Catching.

The Carlisle Indians lead the Eastern teams in number of points scored, and they were the "feature" of last Saturday's games by their declaive defeat of Pennsylvania. It was the worst defeat of one of the so-called big four by a team outside of that charmed circle of nodern times. Lafayette's scoring machine continues to produce good results. With only five games played the Eastenians rank fifth in total points. Cornell, with seven games, is second to the Indians, with Princeton third and Pennsylvania fourth. Yale, with one game less, has scored fewer points than any of the big university elevens; but, on the other hand, the Blue's list of games shows not a contest in which the Elis have not scored at least twice. Princeton has scored but once in three games, Harvard in two and Pennsylvania in three. Cornell has scored only once in one game and has been shut out in one. In the matter of no scoring by opponents, every Eastern team has fallen by the wayside except Yale and Dartmouth. There have been discouraging moments in some of the games played by these two, but it also is discouraging

to opponents to feel that they are up against a defence that has not permitted of scoring.

The Army and Navy are in the same boat in the matter of defence. Each has been scored on only once, and five points are all that have been made by their respective antagonists. Only Harvard has been able to get across the Army's goal line, and that cause of lack of vigilance by an official, and only Princeton has been able to invade the territory back of the Navy goal. The Fordham eleven is one of those which have been scored on only once, and the New Yorkers tacking up the points in wholesale lots. The records to date are as follows: Hareard, Opp. Yale, Opp. Princeton.Opp.

Picturesque plays were interspersed in the last two big games in the West. Kicking played a prominent part in the Chicago Indiana game in furnishing the picturesque-ness. Indiana's 8 points were all due to ness. Indiana's 8 points were all due to goals from the field. One was a drop kick from the 15 yard line, the other a place kick from the 15 yard line. Eckesall of the magic toe dropkicked a goal for Chicago from the 45 yard line. In the Michigan-Illinois battle Johnny Garrels, the sensational Michigan fullback, was a dazzling performer. He gained more ground than all the other players of both elevens, and for a starter put through a ninety yard run for a touchdown, taking the ball on the kickoff. Michigan's big margin of victory was due principally to the slashing playing of Garrels and Capt. Curtis. Outside of the work of Curtis and Garrels, the Ann Arbor team failed to impress the critics. There was an odd mishap to Loell, the Michigan tackle, early in the game. On a punt by Illinois he broke through with a rush and succeeded in blocking the ball, but he got the full force of the kick in the pit of the stomach. He staggered and fell dorward on his face, but was only temporarily disabled.

The Indians made their speed tell in handling punts. Instead of catching the ball standing still they went up to it on the dead run and thus got a flying start, which made them all the harder for the 'Juakers to catch. The beauty of it was that they were sure of making their catches and were guilty of no errors.

WEST POINT, Oct. 29.—Coach Graves had the football squad out to-day for a short signal practice. In speaking of the team to-day Trainer Jim Temple said that the men came out of the Harvard game in better shape than after any previous contest; not a man reported the alightest injury. The cadets are well pleased with the showing against Harvard, and they predict great things for the Army team next Saturday when they face Vale. The coaches took Sultan and Mountford in hand to-day and kept the former passing for drop kicks. Sultan is uncertain in passing back for kicks, and every effort will be made this week to eradicate this weakness and avoid a poor pass next Saturday, giving Yale a chance to score similar to Harvard's.

avoid a poor pass next Saturday, giving Yale a chance to score similar to Harvard's.

Cambridge, Oct. 29.—The Harvard varsity football men who played in the West Point game on Saturday had an easy day's work this afternoon, but they will get some hard drilling the rest of the week. There were a few changes in the varsity as it ran through its signals this afternoon. Kennard, who finished the game with the soldiers, was at left end. Miller and Burnham, the two men who have played here the greater part of the time, are on the cripples' list, but Kennard, from the showing on Saturday, would probably have got a tryout at the place anyway. Plerce was again at right tackle. Macdonald, who has not been in the game for some time because of a slight injury, was put into the scrimmage for the first time, and earlier in the afternoon was at right end in signals, replacing Orr, who has been there in his absence. Lincojn was moved to right halfback, taking Lockwood's place. Up to Saturday Lincoln has been Capt. Foster's substitute. Jack Wendell had a day off, Mason taking his place at fullback. The latter has almost recovered from a bruised shoulder and is expected back in the scrimmize again soon. Apollonio was out in togs for the first time in more than two weeks. Parker, the fourth member of the hospital squad, was not in togs, but he is getting along nicely. Oliver E. Cutts joined the coaches staff to-day and will be with the team the rest of the season.

In the twenty minutes' scrimmage between the varsity subs and the second eleven Starr's fast playing put fire into the men. It was the best work the quarterback has done this fall. Macdonald, who played for the first time in several weeks, followed the ball well, guthering it in on several fumbles and kicks.

To the Editor of The Sun—Sir: Lafavette did not disappoint her followers on

ing it in on several fumbles and kicks.

To the Editor of the Sun-Sir: Lafayette did not disappoint her followers on Saturday. In the opinion of football experts here she is about four touchdowns better than Colgate. This is most encouraging when you recall that Colgate held both Cornell and West Point to 0 to 0 scores. Next Saturday Lafayette goes to Pittsburg to play Washington and Jefferson—a good, hard fighting team, coached by Pickarski. This game out of the way, our eleven will have to face University of Pennesivanis on November 10. Lafayette always plays a hard game on Franklin Field. In 1896 wa

won 8 to 4. In 1897 and 1898 Fennsylvania furned the tables, winning by accres of 46 to 0 and 32 to 0. In 1898 Lafayette again won, 8 to 0, the only touchdown being made by Capt. Bray, who caught the kickoff and ran straight down the field through the whole Pennsylvania team. In 1900 Fennsylvania disponed of Lafayette, 12 to 5. In 1901, 1902 and 1903 there were no games. Relationa were resumed in 1904, when Pennsylvania won, 22 to 0. In 1905 the score was a tie, 6 to 6. So, in the last ten years, Pennsylvania has won four games, Lafayette has won two and one game was a tie. Is this not a good showing for a small college? C. F. O. EASTON, October 29.— Halfback Douglass

Easton, October 29.

Annapolis, Oct. 29.— Halfback Douglass was on the field this afternoon for the first time this season and encouraged the friends of the Navy more than a little. Capt. Spencer is expected to be in the game by the end of the week, and with these two at the halves the offence of the midshipman team will be improved 50 per cent. Norton, who had a slight attack of appendicitis, is in the hospital, but may return to the game before the close of the season. However, the coaches are looking around for more material for the position and silowed Moulton, who had been at half, to return to the team from that position for a while this afternoon. His work was promising. Piersol, left tackle, and Bernard, right end, were the other regulars whose injuries kept them out of the game to-day. There was quite an army of coaches to help Paul Dashiell this afternoon. Cates, Chamberlin and Olcutt were the ex-stars of Yale who were present, and Fowler and Howard, both ex-captains of the navy team, were also on hand.

also on hand.

ITHACA, Oct. 29.—All the Cornell men who participated in the football game with Princeton on the Polo Grounds on Saturday were pretty badly banged up and rested to-day. Babcock and McCutcheon are the only men who will be kept out of the game for any length of time. The former has a badly wrenched shoulder and the latter a twisted knee. The scrubs and second string men had a short drill in catching punts and open field tackling, two departments of the sport in which Cornell showed considerable weakness on Saturday. The coaches were not satisfied with Capt. Cook's work against the Tigers, and in all probability he will not appear at tackle in the remaining games of the season. Coach Warner says the defeat was due to physical exhaustion in the second half and failure of the ultimate defence to anticipate Princeton's forward passes and on side kicks.

Princeton's forward passes and on side kicks.

New Haven, Oct. 29.—The open practice at Yale to-day was prefaced by a short session behind closed gates, wherein the varsity in the person of Alcott scored once on the scrubs in a hard practice. The first secret practice was not very long, but it was evident that the men had been pushed at a fast clip. Jack Owsley and former Capt. Jim Rodgers took a hand in the coaching to-day, the former loooking after the work of the backs and the latter caring for the line. Rodgers is expected to stay a few days, and Owsley will put in the week here. Metcalf, Dr. Bull and excapt. Gordon Brown will be here to-morrow to coach.

Roome, who received another nuscle bruise on Saturday, did not play to-day and may not get much work before the West Point contest. Knox was not in the lineup either, the coaches desiring to give him a rest. In the open practice the varsity was shoved along very last, and after the practice the men showed no signs of distress. All kinds of plays were tried and the practice in the offence was more versatile than usual.

plays were tried and the practice in the offence was more versatile than usual.

PHILADELPHIA, Oct. 29.—One would expect something unusual, something new and bold in the way of changes in the Pennsylvania varsity football team after their showing against the Indians Saturday, and it came to-day in the shape of moving the centre rush. Bill Hollenbach, to fullback and the playing of Keinath at quarterback. Bickham plays at centre. The changes proved good ones, for the work of both these players was of a high order and Charley Keinath caught six punts from the toe of Macklin, the big freshman fullback. Capt. Greene was able to put on a suit and watch the practice, but it will be several days before the Quaker leader can take active part in the scrimmage work and probably two weeks before Bob Folwell will be able to bandage and splint his broken hand so it can be used without injury to him or others. There is no doubt that Folwell will be in the Michigan game. Gallager, Ziegler, Sheble and Longwell did not get into suits yesterday, as they had been badly used up by the redskins.

Keinath to-day showed that he knew football. He caught punts and ran hard. Furthermore be tackled well and ran his team with some direction and discretion. The work of Hollenback was very good, but Bickham is not as strong a man in the centre of the line as Brother Bill. Dyer at left half was again very much the whole show. He made two of the four varsity touchdowns during the drill. Walker at the other half is not showing up as he did earlier in the year. Gaston at left end was doing some fine defensive work. It is hoped the right man has been found for ouarterback. With a sure man int the back field on Saturday Pennsylvania would have won the Indian game to 4. The work of Regan, Macklin, Pauttis and Stein was noticeable for the freshies. Stein is the most active line man on the field.

PRINCETON, N. J., Oct. 29.—The Tiger sreturned to town yesterday after the hot scrap

stein is the most active line man on the field.

Princeton, N. J., Oct. 29.—The Tige is returned to town yesterday after the hot scrap with Cornell. Everybody is pleased with the result and more so at the fact that not a man was hurt badly enough to keep him out of the game for a day. Many of the Tigers are bearing battle marks by way of cuts and hruises, but no serious injury of the slightest degree was registered. The conversation waved warm about Eddie Dillon's forced retirement from the field. It was said tonight by those in a position to know that the slugging was forced. Thompson and O'Rourke, Cornell's big lineman, tackled Dillon and threw him hard. Not satisfied with this, they held him after the whistle had blown. Thompson deliberately twisted Dillon's leg and tortured his lighter opponent till a blow was the only medium of release. The Princeton men felt that while his expulsion from the gridiron was not pleasant he was perfectly justified in his actions.

Princeton men are somewhat dissatisfied at many of the decisions and non-decisions of the officials in Saturday's contest. Martin, who lined up against Thompson, seems likely to secure a permanent job on the Tigereleven. He played a steady game, considering the fact that it was his first big game. The afternoon was spent behind closed doors at the University Field, but there was nothing to conceal, evidently. Only the scrub and varsity subs were out and they had a short scrimmage.

scrimmage. PUSHMOBILES RACE.

Boys Have Exciting Sport in Imitation of Auto Contests.

GARDEN CITY, L. I., Oct. 29.-Twenty-eight boys to-day competed for a silver cup with pushmobiles over the Garden City course, the winner making the five lans, about a mile, in 9 minutes 30 seconds. The cup race was arranged by C. Q. Taylor and H. V. Seggerman, both students of St. Paul's School. Great interest was manifested in the affair by residents of the surrounding villages, and the entire course was crowded. The young women of St. Mary's School were present in a body, all wearing red sweaters and gray skirts. At different times during the race they would cheer on their respective favorites with the college yell.

they would cheer on their respective favorites with the college yell.

Travis and Carll, with car No. 2, were the favorites, the former being a son of the well known golf player. Car No. 3, however, was handled by Noone and Smith in better fashion, and the result was that No. 3 won from No. 2 by about five seconds. No. 6, handled by Courtney and Francis, was third. On the second round No. 5 pulled out, the motive power being winded.

The course was laid out as near the lines of the Vanderbilt course as possible, there being a hairpin turn, Krug's Corner and Dead Man's turn. The boys took these turns regardless of chances, and the fact that some of the wheels would dish made no difference whatever. The cup was raced for last Saturday, and to-day's race decided a new owner, who had to race Conklin and Sheridan, the winn ers of last Saturday's race. In the runoff the latter team had trouble with their steering gear and withdrew. Many of the millionaire colony were present and autos lined the course. On Saturday a cup will be raced for at Mineola which has been donated by the members of the Nassau County Bar. Already twenty-nine entries have been received.

The billiard tournament for the 18:2 balk line championship of America for shortstops will begin in New York on November 19. Assured entries include T. J. Gallagher Edward McLaughlin, Harry Cline, Al Taylor, of Chicago: Charles Peterson of St. Louis, and A. G. Cutler of Boston. Other entries are expected. In order that the number of expected. In order that the number of contestants shall not necessitate a tournament of unreasonable length, a committee consisting of Thomas Foley of Chicago, John J. Murphy of Boston and Maurice Daly, will decide as to the admission of all entries. The winner of the championship emblem in this tournament will be required to play within thirty days after receiving a challenge. The stake in championship matches is to be \$200 a side, winner to take all receipts and pay all expenses. all expenses.

BIG NEW ATHLETIC FIELD.

Irish Counties Union Purchases Wakefield Park and Will Spend \$300, 000 on It. The Irish Counties' Athletic Union has purchased Wakefield Park, just southeast of chased Wakefield Fark, just southeast of Yonkers, and will build there a running track and athletic plant, which, it is estimated, will cost \$300,000. The union has been making use of Celtic Park, Laurel Hill, Long Island City, but the accommodations there were not adequate for the big crowds that have been following the athletic meetings and football games held under the union control. The new place is accessible and the plant will be what the athletes need.
